BANK OF MATA AND CO. 101-Calle Cangallo-103. The Bank of Mata & Co. in Montevideo has already provided for the working classes in that city a safe and profitable depository for their savings. The sums deposited in that very important institution are daily increasing, and already reach a very large amount. These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing a source of revenue for the family, instead of spending them in amoral gambles, in lotteries, and other frivolities. The Bank of Mata & Co. of this city, following the example of their firm in Montevideo, offer the same facilities in this city, and has opened a branch at interest any sum in Twenty-five Bolivian currency or one Silver Dollar upwards. Second—The interest allowed is six per cent. (6 p. c.) per annum, which is liquidated every six months. Third—The depositors can at any time retrieve the whole or part of the money deposited. Fourth—Once the money deposited exceeds twenty-five thousand dollars currency, or one thousand dollars silver, the depositor, if he wish can open an account current, according to the rules of the Bank. Fifth—In case the depositor loses his pass book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers. P. P. MATA & Co., M. A. DE FREITAS AMORIM.

CONDITIONS. The Bank of Mata & Co. is sufficiently known to the Public by the benefits derived from the strictest and soundest principles, and always directed to promote the general welfare. The Bank of Mata & Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighborhood. P. P. MATA & Co., M. A. DE FREITAS AMORIM.
