There was great enquiry this morning about the rate at which the Provincial Bank would draw for the Illimani, one or two brokers having given out that the rate would be 49; this, of course, stopped everything in the open market.

The American mill has been the very lengthened hide report in the market. The exchange transactions of the week were not heavy, the supply of money fair enough.

DESTRUCTION OF THE LIVER POOL LANDING STAGES.

A stupendous calamity occurred to Liverpool yesterday in the total destruction of the Princes' and New Landing-stages.

The catastrophe originated with the plumbers. The part of the stage where the plumbers were at work was the embayment in the continuation of the Prince's Landing-stage, at about three o'clock, and in a brief space of time a whole army of fire engines were present.

The wind was at the time blowing from the N N E; nevertheless the fire made rapid progress towards the north end of the stage, much to the astonishment of everybody who watched the progress of the flames.

The wind was at the time blowing from the N N E; nevertheless the fire made rapid progress towards the north end of the stage, much to the astonishment of everybody who watched the progress of the flames.

At times the smoke, and the burning volumes rolled up into the sky, and at a distance seemed as clouds indicating an imminent thunderstorm.

At a distance wondered whence the smoke came, and those who heard the rumour that the Landing-stage was on fire never thought of considering it otherwise than as a joke.
